

Linda Brockway Candidate Statement:

I, Linda Brockway, have been a Board member of the National Association of Housing Cooperatives since October 2000.

I have acted as their Treasurer, since October 2006, and have been the Chairperson on the Member Services Committee, since October 2009. I also serve on the Finance Committee and the Governance Training Committee.

I have been an active trainer for the NAHC since 1991 and have been involved in overseeing the Governance class, the Payoff class, and other classes that are needed by our members.

I am running for the Board of Directors of the National Cooperative Business Association, as I have been active as a speaker for the NCBA for the last three years, and I am interested in becoming involved in the NCBA, as well as the NAHC.

I truly believe that by serving on both organizations, I can be involved in promoting housing and business cooperatives, so that cooperative associations can meet their stated goals.
